# The only title rep who also helps you grow.

*your voice. your brand. your wins.*

## Closings on rails + monthly social coaching. One point of contact.

I'm an Arizona title sales rep who coaches West Valley agents on showing up online. Monthly playbooks, on-the-spot capture days, and a real human inside every closing — so your file never goes dark. *You own the voice. Clear Title runs the file. I keep both rolling.*

### 01 · CONTENT AUDIT

**We audit what you're already posting.**

Thirty minutes on your grid, your voice, your pipeline. You leave with your next 30 days mapped, not brainstormed. Hook + hashtag sets in English and Español.

### 02 · CAPTURE DAY

**I coach your first capture day, live.**

Pick a Tuesday. Open house, listing appointment, desk day — whatever's on your calendar. You leave with 10 to 14 assets cut, captioned, queued.

### 03 · CONCIERGE TO CLOSE

**Your point of contact through every closing.**

Clear Title's escrow team runs the file. I stay in your corner — milestones, exception flags, "wait what does this mean" texts. Two years at the escrow desk before sales means I know where closings actually break.

Clean closings. Growing feeds. One person who picks up. *Cierres limpios. Feeds llenos.*
